**DETAILED ACTION**

***Claim Rejections - 35 USC § 112***

Claims 11-16, 27-32, 45-50, 61-66 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In particular, the phrases "at least/most approximately" are vague and indefinite, as they represent combining two ranges of distance, and it is not clear as far as the overlap of the two. Correction is required.

***Claim Rejections - 35 USC § 102***

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(a) the invention was known or used by others in this country, or patented or described in a printed publication in this or a foreign country, before the invention thereof by the applicant for a patent.

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

Claims 1, 3, 9, 11, 13, 15, 17, rejected (to the extent understood) under 35

U.S.C. 102(b) as being fully met by Young et al.

Claims 19-68 are allowed, aside from any rejections under 35 U.S.C. 112 above.

Claims 2,4-8,10,12,14,16,18 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims, and any 112 rejections.

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Cumberland, Denov et al., and Nordelius are further cited to show related teachings in the art.
